

Technological platforms - Call I

The main goal of the call is to support activities that will help support the development of innovation networks - technological platforms as a tool for increasing the intensity of joint research, development and innovation activities between business entities and the research sector.

TIMETABLE

Receipt of grant applications:

- 23. 01. 2023 – 14. 04. 2023

SUPPORTED ACTIVITIES

The coordination activities of the technology platform (TP) are supported, in particular:

- when designing and implementing strategies for the digital and green transition of industry, which will enable enterprises to respond to the common challenges, needs and requirements associated with the transition to digital and green technologies in industry. As part of its activity the TP will prepare an Action Plan for digital and green transition, which defines what measures are necessary to implement the twin transition, what scope, benefits and conditions it requires.
- establishment of deeper cooperation of TP with European Technology Platforms (ETP) and European Technology and Innovation Platforms (ETIP) or a similar strategic partner at the European level, e.g. with one of the existing Joint Technology Initiatives (JTI)¹, or with a European association, or another entity that plays a key role in the given sector within the EU with an emphasis on research, development and innovation, and involving Czech research and knowledge-dissemination organizations and enterprises in their activities with an emphasis on coordination and implementation of the so-called transition pathways in a given ecosystem,
- coordination of Czech business entities and research and knowledge-dissemination organizations in access to the Horizon Europe programme and other European programmes.

TERRITORIAL FOCUS

- Target territory: The territory of the Czech Republic, except NUTS 2 Prague
- The territorial acceptability is not assessed based on the registered office of the applicant (beneficiary) but based on the actual place of project implementation, i.e. the territory where the physical implementation takes place and the project expenses are incurred.

MAIN CONDITIONS OF THE CALL

- The project must not violate horizontal EU policies and their basic principles. In particular, the project must comply:
 - with principles of non-discrimination (primarily non-discrimination based on race, gender, religion, ethnic origin, disability, age or sexual orientation),
 - with the principles of sustainable development,
 - with the Charter of Fundamental Rights of the European Union.

² In the case of an already existing entity (e.g. union, association, chamber, research organization) where a change in the statutes or founding agreement cannot be considered, the TP activities, bodies and their competences and the TP management rules can be specified in a contract (e.g. a partnership contract according to Section 2716 et seq. of the Civil Code), which the members of the Technology Platform will conclude among themselves.

³ In the application in IS KP21+, the applicant indicated the CZ-NACE in which the project is implemented, which corresponds to the activity recorded in the public registers. The registered CZ-NACE must not be listed in the Call Annex under the title "Unsupported CZ-NACE".

⁴ see the definition of European Technology and Platform Technology Platform in section 13.

⁵ This is a tax period according to Section 16b for natural persons / Section 21a for legal entities of Act No 586/1992 Coll., on income taxes.

- The project objectives shall be in line with the objectives of the operational programme and the Call.
